

## Technical Data Sheet Everchem Dipropylene Glycol (DPG)

Dipropylene Glycol (DPG) is a co-product from the manufacture of monopropylene glycol, involving the hydrolysis of propylene oxide (PO). Dipropylene glycol is a distilled product with purity > than 99%. DPG is a colorless, practically odorless, water soluble, hygroscopic liquid with low vapor pressure that is used in a wide range of industrial applications

### Properties

### Specifications

Purity, %	99.5 min.
Acidity as acetic acid	50 ppm
Color, APHA	10 max.
Water, %	0.1 max.
Specific Gravity (20/20 C)	1.020 – 1.025
Chlorides	1.0 ppm
Iron	0.5 ppm
